

**Medical Gas Solutions Ltd** - Oxygen – fast - to save lives in emergency situations

**Seatag Safety Systems Ltd** - Providing 100% accountability of passengers in an emergency

**Laminating Technology** - Imaginatively shaping the composites of the future

**AB Connectors Ltd** - Robust interconnection solutions for harsh environments

**Gravloc UK Ltd (AEL)** - Protective balancing sensor that enhances lifting safety and productivity

**ESI Technology Ltd** - World leaders in pressure sensor technology for defense and aerospace

**Harries Automation and Control Ltd** - Switchgear and automation equipment - from prototype to manufacture

**Micro Materials Ltd** - World class mechanical testing on the nanoscale

**FAUN Municipal vehicles Ltd** - Innovative modular roadways for ground mobility of vehicles and aircraft

**Compact Orbital Gears Ltd** - High quality transmissions which deliver exceptional energy efficiency

**Global Laser Ltd** - High performance, high reliability laser diode modules

**MetaCause Research Group** - Self-learning software that cuts waste and costs across industry

**Eurostep Limited** - A global leader in collaborative information management systems

**Aberystwyth University** - Developing the future of unmanned flight

**Teddington Engineered Solutions Ltd** - Pioneers in pipe structures that cope with thermal extremes

**TWI NDT Validation Centre (Wales)** - Testing new generation composites to ensure total safety

**Norton Integrated Systems Ltd** - Portable, rapid deployment CCTV systems

**Reid Lifting** - Raising the bar in lifting safety with lightweight, portable systems

**Formal Software Construction Ltd** - Advanced software solutions that help achieve aspirations

**University of Wales, Newport, Business School** - Applying creative thinking to entrepreneurship

**Super Rod Ltd** - Britain's top electrical product – now saving US operators' time and money

**888-Group Ltd** - Emergency and contingency planning for government and corporates

**CAVE Systems UK Ltd** - A new modular system that delivers a third more storage for your money

**Carl Kammerling International Ltd** - The tools for success for professional craftsmen

**Relcom Solutions Ltd** - A unique, self-learning software to optimise manufacturing productivity

**Kodit Database Ltd** - Mobile asset management solutions that cut costs and save lives

**JAI Engineers & Pumping Technology Ltd** - Advanced ceramic precision components and assemblies

**Cintec International Ltd** - Proven protection from blasts, floods, quakes and the march of time

**Manufacturing Engineering Centre (MEC)** - World-class R&D in all major areas of Advanced Manufacturing

**Patent Seekers Ltd** - Helping organisations protect their interests in Europe

**Comtek Network Systems UK Ltd** - Low risk European entry for IT and telecoms manufacturers

**Pamargan Products Ltd** - Proven excellence in bonded seals

**GTW Developments Ltd** - Electronically controlled splicers that improve the quality of composites
